"Ministeren bedes oversende et notat, der redegør for, hvordan ministeren vil sikre, at en aftale om et udvidet politisamarbejde mellem Europol og det Colombianske politi, som beskrevet i artiklen fra Colombia Reports af 23. juli 2009 " Europol and Colombia to fight FARC together" (se linket: <http://colombiareports.com/colombia-news/news/5127-europol-and-colombia-to-fight-farc-together.html>), ikke kan risikere at føre til, at oplysninger fra Europol udnyttes af det Columbianske politi i deres kontinuerlige overtrædelse af menneskerettighederne og forfølgelse af det columbianske regimes politiske modstandere."

Europol and Colombia to fight FARC together

THURSDAY, 23 JULY 2009 09:09 KATHARINA WECKER

European Police organization Europol will help Colombia in the fight against the FARC and other guerrilla groups, European terrorism coordinator, Gilles De Kerchove, said Wednesday evening.

De Kerchove announced during a meeting with President Uribe in the Casa de Nariño that EU ministers approved a cooperation between Colombia and Europol to share information about guerrillas movements in European countries.

"I will ask the Director of Europol to arrange a meeting at the Europol headquarters in Den Haag about the activities of the FARC outside Colombia," De Kerchove said.

The terrorism coordinator recalled that the EU included three illegal armed organizations of Colombia in its list of terrorism: FARC, ELN and AUC.

Supporting organizations like the FARC is a crime in Europe, the official said. "... we must strengthen international cooperations, exchange of information and intelligence," De Kerchove added.
