COM(2011) 221 final

2011/0089 (NLE)

Proposal for a

COUNCIL DECISION

on the signing of the Agreement between the European Union and Georgia on protection of geographical indications of agricultural products and foodstuffs

EXPLANATORY MEMORANDUM

1. CONTEXT OF THE PROPOSAL

Both Parties, the European Union and Georgia, aim at the mutual protection of geographical indications (GIs) in order to improve the conditions of bilateral trade as well as to promote the quality in the food chain and stimulate the value for sustainable rural development.

The negotiations proceeded smoothly. For the EU, these negotiations had two objectives: on one hand expansion of the protection and use of the geographical indications system (Georgia will protect the full list of EU GIs), on the other hand intervention at the source of potential misuses of EU GIs. Reciprocally, Georgia has an interest to develop and protect their current geographical indications in the EU territory and strengthen its relation with the EU.

The present proposal is the result of bilateral negotiations, conducted from July 2007 and concluded on July 2010. The agreement provides for a mutual protection of geographical indications (PDOs and PGIs) protected in the respective Parties.

2. BUDGETARY IMPLICATION

No implications.

On the basis of the above mentioned, the Commission proposes the Council to designate the person(s) empowered to sign the Agreement between the European Union and Georgia on protection of geographical indications of agricultural products and foodstuffs, subject to its conclusion.

Proposal for a

ANNEX

Agreement between the European Union and Georgia on protection of geographical indications of agricultural products and foodstuffs

GEORGIA, of the one part,

and

THE EUROPEAN UNION on the other part,

Hereinafter referred to as the "Contracting Parties",

Reaffirming their commitment on the objectives of the EU-Georgia Partnership and Cooperation Agreement on cooperation in the agriculture and food sector and on the approximation of the legislation on intellectual property,

Considering that the Contracting Parties agree to promote between them a harmonious development of the geographical indications as defined in article 22(1) of the Agreement on Trade-Related Aspects of Intellectual Property Rights (TRIPS), and to foster the trade of the agricultural products and foodstuff originating in the territories of the Parties,

Have decided to conclude this Agreement:

Article 1

Scope

1. This Agreement applies to the recognition and protection of geographical indications which are originating in the territories of the Contracting Parties.
2. In order for a geographical indication of a Contracting Party to be protected by the other Contracting Party, it shall cover products within the scope of the legislation referred to in Article 2 of that Contracting Party.

Article 2

Established Geographical Indications

1. Having examined the Law of Georgia on appellations of origin and Geographical Indications of Goods, adopted on 22 August 1999, the European Union concludes that this law meet the elements laid down in Annex I.
2. Having examined Council Regulation (EC) No 510/2006, with its implementing rules, for the registration, control, and protection of geographical indications of agricultural products and foodstuffs in the European Union, Chapters III of Title III of Council Regulation (EC) No 1234/2007 establishing a common organisation of agricultural markets and on specific provisions for certain agricultural products No 110/2008 of the European Parliament and of the Council of 15 January 2008 on the definition, description, presentation, labelling and the protection of geographical indications of spirit drinks and Council Regulation (EEC) No 1601/91 of 10 June 1991 laying down general rules on the definition, description and presentation of

aromatized wines, aromatized wine- based drinks and aromatized wine-product cocktails, Georgia concludes that these laws, rules and procedures meet the elements laid down in Annex I.

3. Having completed an objection procedure in accordance with the criteria set in Annex II; having examined a summary of the specifications of the agricultural products and foodstuffs corresponding to the geographical indications of the European Union listed in Annex III which have been registered by the European Union under the legislation referred to in paragraph 2, and the geographical indications for wines, aromatised wines and spirit drinks laid down in Annex IV, Georgia shall protect those geographical indications according to the level of protection laid down in this Agreement.
4. The European Union, after having completed an objection procedure in accordance with the criteria set down in Annex II; after having examined a summary of the specifications of the agricultural products and foodstuffs corresponding to the geographical indications of Georgia listed in Annex III which are registered by Georgia under the legislation referred to in paragraph 1, and the geographical indications for wines, aromatised wines and spirit drinks laid down in Annex IV, shall protect those geographical indications according to the level of protection laid down in this Agreement.

Article 3

Addition of new geographical indications

1. The Contracting Parties agree on the possibility to add new geographical indications to be protected in Annex III and IV in accordance with the procedure set out in Article 11(3) after having completed the objection procedure and after having examined a summary of the specifications as referred to in Article 2(3) and 2(4) to the satisfaction of both Parties.
2. A Contracting Party shall not be required to protect as a geographical indication a name that conflicts with the name of a plant variety or an animal breed and as a result is likely to mislead the consumer as to the true origin of the product.

Article 4

Scope of protection of geographical indications

1. The geographical indications listed in Annex III and IV, as well as those added pursuant to Article 3, shall be protected against:
 - (a) any direct or indirect commercial use of a protected name:
 - for comparable products not compliant with the product specification of the protected name, or
 - in so far as such use exploits the reputation of a geographical indication;

- (b) any misuse, imitation or evocation², even if the true origin of the product is indicated or if the protected name is translated or accompanied by an expression such as ‘style’, ‘type’, ‘method’, ‘as produced in’, ‘imitation’, ‘flavour’, ‘like’ or similar;
 - (c) any other false or misleading indication as to the provenance, origin, nature or essential qualities of the product, on the inner or outer packaging, advertising material or documents relating to the product concerned, and the packing of the product in a container liable to convey a false impression as to its origin;
 - (d) any other practice liable to mislead the consumer as to the true origin of the product.
2. If geographical indications are wholly or partially homonymous, protection shall be granted to each indication provided that it has been used in good faith and with due regard for local and traditional usage and the actual risk of confusion. Without prejudice to Article 23 of the Agreement on Trade-Related Aspects of Intellectual Property Rights (TRIPS), the Contracting Parties shall mutually decide the practical conditions of use under which the homonymous geographical indications will be differentiated from each other, taking into account the need to ensure equitable treatment of the producers concerned and that consumers are not misled. A homonymous name which misleads the consumer into believing that products come from another territory shall not be registered even if the name is accurate as far as the actual territory, region or place of origin of the product in question is concerned.
3. Where a Party, in the context of negotiations with a third country, proposes to protect a geographical indication of that third country, and the name is homonymous with a geographical indication of the other party the latter shall be informed and be given the opportunity to comment before the name becomes protected
4. Nothing in this Agreement shall oblige a Contracting Party to protect a geographical indication of the other Contracting Party which is not or ceases to be protected in its country of origin. The Contracting Parties shall notify each other if a geographical indication ceases to be protected in its country of origin.

Article 5

Protection of transcription of geographical indications

1. Geographical indications protected under the provisions of this Agreement in Georgian alphabet and other non-Latin alphabets officially used in EU Member States shall be protected together with their transcription in Latin characters. This transcription may also be used for labelling purposes for the products concerned.

² Is considered an evocation, notably, the use in any way for products falling under heading No 20.09 of the Harmonised System of the International Convention on the Harmonised Commodity Description and Coding System, done at Brussels on 14 June 1983, although only insofar as they are referred to wines falling under heading N°22.04, aromatised wines falling under heading N° 22.05 and spirits falling under heading 22.08 of the Harmonised System of the International Convention on the Harmonised Commodity Description and Coding System, done at Brussels on 14 June 1983

2. Similarly, geographical indications protected under the provisions of this Agreement in a Latin alphabet, shall be protected together with their transcription in Georgian alphabet and other non-Latin alphabets officially used in EU Member States characters. This transcription may also be used for labelling purposes for the products concerned.

Article 6

Right of use of geographical indications

1. A name protected under this Agreement may be used by any operator marketing agricultural products, foodstuffs, wines, aromatised wines or spirit drinks conforming to the corresponding specification.
2. Once a geographical indication is protected under this agreement, the use of such protected name shall not be subject to any registration of users, or further charges.

Article 7

Enforcement of protection

The Contracting Parties shall enforce the protection provided for in Articles 2 to 6 by appropriate administrative action by public authorities. They shall also enforce such protection at the request of an interested party.

Article 8

Relationship with trademarks

1. The Parties shall refuse to register or shall invalidate, *ex officio* or at the request of any interested party in conformity with the legislation of each Party, a trademark that corresponds to any of the situations referred to in Article 4(1) in relation to a protected geographical indication for like products, provided an application to register the trademark is submitted after the date of application for protection of the geographical indication in the territory concerned.
2. For geographical indications referred to in Article 2, the date of application for protection shall be the date of entry into force of this agreement.
3. For geographical indications referred to in Article 3, the date of application for protection shall be the date of the transmission of a request to the other Party to protect a geographical indication.
4. The Contracting Parties shall have no obligation to protect a geographical indication where, in the light of a reputed or well-know trademark, protection is liable to mislead consumers as to the true identity of the product.
5. Without prejudice to paragraph 4, the Contracting Parties shall protect geographical indications also where a prior trademark exists. A prior trademark shall mean a trademark the use of which corresponds to one of the situations referred to in Article 4(1), which has been applied for, registered or established by use, if that possibility is provided for by the legislation concerned, in the territory of one of the Contracting

Party before the date on which the application for protection of the geographical indication is submitted to the other Contracting Party under this Agreement. Such trademark may continue to be used and renewed notwithstanding the protection of the geographical indication, provided that no grounds for the trademark's invalidity or revocation exist in the legislation on trademarks of the Contracting Parties.

Article 9

General rules

1. This Agreement shall apply without prejudice to the rights and obligations of the Contracting Parties under the WTO Agreement.
2. Importation, export and marketing of products referred to in Articles 2 and 3 shall be conducted in compliance with the laws and regulations applying in the territory of the importing Contracting Party.
3. Any matter arising from technical specifications of registered products shall be dealt with in the Committee established in Article 11.
4. Geographical indications protected under this Agreement may only be cancelled by the Contracting Party in which the product originates.
5. A product specification referred to in this Agreement shall be that approved, including any amendments also approved, by the authorities of the Contracting Party in the territory of which the product originates.

Article 10

Cooperation and Transparency

1. The Parties shall, either directly or through the Joint Committee established pursuant to Article 11, maintain contact on all matters relating to the implementation and the functioning of this Agreement, in particular, a Contracting Party may request from the other Contracting Party information relating to products specifications and their modification, and contact points for control provisions.
2. Each Contracting Party may make publicly available the specifications or a summary thereof and contact points for control provisions corresponding to geographical indications of the other Contracting Party protected pursuant to this Article.

Article 11

Joint Committee

1. Both Contracting Parties agree to set up a Joint Committee consisting of representatives of the European Union and Georgia with the purpose of monitoring the development of the agreement and of intensifying their co-operation and dialogue on geographical indications.
2. The Joint Committee adopts its decisions by consensus. It shall determine its own rules of procedure. It shall meet at the request of either of the Contracting Parties,

alternatively in the European Union and in Georgia, at a time and a place and in a manner (which may include by videoconference) mutually determined by the Contracting Parties, but no later than [90] days after the request.

3. The Joint Committee shall also see to the proper functioning of this Agreement and may consider any matter related to its implementation and operation. In particular, it shall be responsible for:
 - a) amending Article 2 paragraph 1 and 2 of this Agreement, as regards the references to the law applicable in the Contracting Parties,
 - b) modifying Annex III and IV as regard to geographical indications,
 - c) exchanging information on legislative and policy developments on geographical indications and any other matter of mutual interest in the area of geographical indications,
 - d) exchanging information on geographical indications for the purpose of considering their protection in accordance with this agreement.

Article 12

Territorial scope

This Agreement shall apply, on the one hand, to the territories in which the Treaty establishing the European Union is applied and under the conditions laid down in this Treaty and, on this other hand, to the territory of Georgia.

Article 13

Authentic languages

This Agreement is drawn up in duplicate in the, Bulgarian, Czech, Danish, Dutch, English, Estonian, Finnish, French, German, Greek, Hungarian, Italian, Irish, Latvian, Lithuanian, Maltese, Polish, Portuguese, Romanian, Slovak, Slovenian, Spanish, Swedish and Georgian languages, all these texts being equally authentic. In the event of inconsistencies of interpretation, English text shall be determinative.

Article 14

Final provisions

1. This Agreement shall enter into force on the first day of the second month after the date on which the Contracting Parties have notified each other in writing that their respective procedures for the entry into force of this Agreement have been completed.
2. Either Contracting Party may terminate this Agreement by giving one year's written notice to the other Contracting Party.

ANNEX I

3. A requirement that a registered name shall correspond to a specific product or products for which a product specification is laid down, which can only be amended by due administrative process;
4. Control provisions applying to production;
