ITEMS DEBATED**PREPARATION OF THE JUNE EUROPEAN COUNCIL**

The Council examined an annotated draft agenda for the European Council meeting to be held on 17 June (doc. [9282/10](#)).

The European Council is expected to focus on:

- Jobs and growth: adoption of the Europe 2020 strategy;
- G-20: preparation of the Toronto summit;
- Development policy: UN millennium development goals;
- Climate change.

The European Council will also hear a presentation by Felipe Gonzalez, chairman of a reflection group on the future of Europe, and will be called on to endorse the Council's conclusions on implementation of the European pact on immigration and asylum.

The Council will hold a further discussion at its meeting on 14 June, on the basis of draft European Council conclusions.

MEETINGS ON THE SIDELINES OF THE COUNCIL

- EU-Turkey Association Council (*doc.* [9687/10](#))

OTHER ITEMS APPROVED**ECONOMIC AND FINANCIAL AFFAIRS****Greece - Measures to reduce its government deficit**

The Council adopted a decision, addressed to Greece, intended to strengthen budgetary surveillance and giving notice to take measures to reduce its government deficit (*doc.* [9443/10](#)).

This follows the Euro Group agreement of 2 May to activate support via bilateral loans to Greece from the other 15 Euro area member states, centrally pooled by the Commission. The decision sets out the main elements of policy conditionality for the granting of that support.

For details, see press release [9544/10](#).

NEIGHBOURHOOD POLICY**Relations with Armenia, Azerbaijan and Georgia - Association agreements**

The Council adopted directives for the negotiation of association agreements with Armenia, Azerbaijan and Georgia, to replace the current partnership and cooperation agreements with the three countries.

It also agreed on the position to be adopted by the EU within the joint committees established by the partnership cooperation agreements with a view to establishing new subcommittees in several policy areas.

The joint declaration of the Prague Eastern Partnership Summit of 7 May 2009 stressed a common wish to deepen and intensify bilateral relations between the EU and its eastern European partners (*doc.* [8435/09](#)).

GENERAL AFFAIRS

Report on work in the Council's different configurations

The Council took note of a report from the presidency on decisions taken and issues currently under discussion within its different configurations (*doc* [9052/10](#)).

TRANSPORT

Intelligent transport systems in road transport

The Council approved its position at first reading on a draft directive on the deployment of intelligent transport systems (ITS) in the field of road transport (*docs.* [6103/10](#) + [9223/10](#) *ADD 1*) and the corresponding statement of the Council's reasons (*doc.* [6103/10](#) *ADD 1*).

The text will be submitted to the European Parliament for a second reading. If the Parliament accepts the Council's position, the directive will be considered adopted in this form.

The aim of the draft directive is to accelerate and coordinate deployment of interoperable ITS in road transport, including interfaces with other transport modes, by creating the necessary conditions and mechanisms through a coherent EU-wide framework.

For details, see press release [9579/10](#).

APPOINTMENTS

Economic and Social Committee

The Council adopted a decision appointing as member for the remainder of the current term of office, which runs until 20 September 2010:
